Subject: Snowy 2.0 - Transmission Connection (SSI-9717) - Environmental Management Strategy

Dear Mr Snape

I refer to your request for review and approval of the Environmental Management Strategy for Snowy 2.0 - Transmission Connection (SSI-9717) 9717), as part of the Stage 2 Management Plan revisions. Stage 2 includes the construction and operation of infrastructure related to the 500 kV component of the substation.

The Department has carefully reviewed the document and is satisfied that it meets the requirements of the relevant conditions of approval (SSI-9717). Accordingly, as nominee of the Planning Secretary, I approve the Environmental Management Strategy (Revision 8, dated 5 August 2024) under Condition C1, Schedule 2.

You are reminded that if there are any inconsistencies between the Environmental Management Strategy and the conditions of approval, the conditions prevail. Please ensure you make the document publicly available on the project website at the earliest convenience. If you have any questions, please contact Scotney Moore, on 02 9274 6342.

Yours sincerely
