Subject: Snowy 2.0 Transmission Connection – Biodiversity Offset Package

Dear Mr Barnes

I refer to the revised Biodiversity Offset Package (Version 7, dated 19 August 2025) submitted in accordance with condition B18, Schedule 2 of the approval for Snowy 2.0 Transmission Connection (SSI – 9717).

I note that the revised Biodiversity Offset Package has been updated to document how Snowy Hydro Limited has met the project's offset obligations and contains the information required by the conditions of approval.

Accordingly, as nominee of the Planning Secretary, I approve the Biodiversity Offset Package (Version 7, dated 19 August 2025).

You are reminded that if there are any inconsistencies between the Biodiversity Offset Package and the conditions of approval, the conditions prevail. Please ensure you make the document publicly available on the project website at the earliest convenience.

If you wish to discuss the matter further, please contact Anthony Ko on (02 8217 2022) or at [anthony.ko@planning.nsw.gov.au](mailto:anthony.ko@planning.nsw.gov.au).

Yours sincerely

Nicole Brewer  
Director  
Energy Assessments

As nominee of the Planning Secretary
